

# CIRCLE PARK

## A HEALTHY NEIGHBORHOOD GARDEN

### CONTEXT MAP

SCALE: 1" = 800' N ↑

SCALE: 1" = 100' N ↑

### SITE ANALYSIS

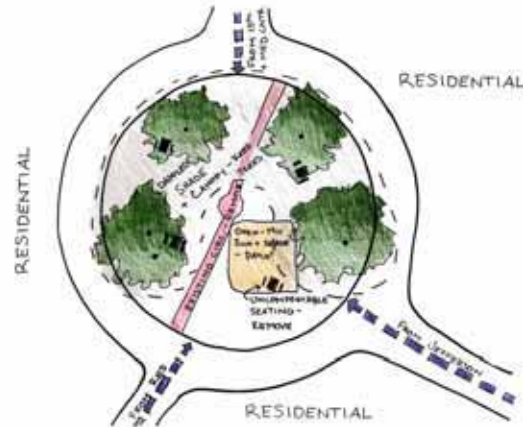

Existing path—no logical connections, doesn't invite strolling

Picnic tables—unattractive but often used by small groups

Existing valley oak trees—nice canopy cover, dappled shade

SCALE: 1" = 30' N ↑

### CONCEPT: SPACE TO BE. ROOM TO BREATHE.

Emotional health—space to escape from stresses of everyday life, relax in a safe setting

Social health—encourage chance meetings and provide a place to meet with friends
